No 174

## HON. HAULTAIN HERE

PROBABLE GRANT FOR SEPT. 1

Will not be a Party Candidate in the Provincial Election—Will Attend the Inaugural Celebration Here on Sept 1st.

Premier Haultain was at the Alberta this morning and talked to a Bulletin representative in his usual friendly manner. While his trip could hardly be called a political one, he said, there was always a good deal of politics talked where he was, and he was naturally discussing the future of the new Province with his friends in the places he visited.

He stated that he had been waited upon by Mayor McKenzie and some members of the city council and board of trade last night with reference to a grant toward the inaugural celebration in Edmonton and he was disposed to consider the request favorably. When the grant was made to Regina it was the understanding that the celebration there was to be a measure for both provinces. Now that Alberta was to have a distinct celebration he thought it only fair that it be recognized to a reasonable extent in the matter of a grant, but he could make no definite statement until he had consulted his colleagues.

In reply to the question as to which Province he intended to cast his political future with, he said that he had really decided now but, he added with a smile, "There is only one man in possession of the information yet." He said he had to consider his business and means of livelihood for the future, which made the matter of choice more serious than some people seemed to think, who spoke of it as a kind of toss up as to which place he should decide to go.

He was emphatic in his statement that he would not seek election as a party candidate. He would run as an independent only as he was opposed to the introduction of party lines in the politics of the new provinces. When his attention was called to the party contest in Edmonton his reply was that there were always extreme party men in such parties who would endeavor, and had for years been endeavoring, to introduce partyism in the elections here. As to what extent it would be carried out he was not prepared to say, as he had no part in it.

He stated that it was his intention to attend both inaugural ceremonies and he would certainly be present in Edmonton on September 1. Remarking on the growth and progress of the city he said that as he travelled through the Territories he was struck with the general prosperity everywhere. It was not a case of one or two towns going ahead, but every one was showing a marked growth and a general era of prosperity.

Mr. Haultain leaves for Winnipeg on this afternoon train.

## LAST ROUND FOUGHT

RAILWAY COMPETITION WINS

Southern British Columbia Freed From the Grasp of the C.P.R.—Annual Immigration Report

Ottawa, July 28.—At today's Cabinet meeting an order in council was passed allocating the Victoria, Vancouver and Eastern Railway to cross the international boundary. This is the last round in the fight between Jim Hill and the Canadian Pacific Railway. Senator Templeton was ready to have for home yesterday but waited over to see the order put through.

The full immigration returns show the total immigration for the year ending June 30 last of 146,266, an increase of 15,000 over the previous year. There was a decrease in the U. S. returns of 1,628. The Canadian returns show a big gain in British immigration.

## TORONTO WHOLESALERS

AGAIN THREATENED BY FIRE

Flames Destroy the Knickerbocker Ice Co's Buildings, Wellington House, Ames Holden Co's. Factory and is Still Spreading

Toronto, July 29.—Shortly after two this morning fire was discovered in the warehouse of the Knickerbocker Ice Co. on the Esplanade at the foot of George street. In a short time the building was completely destroyed, together with the offices and stables of the company. From the stables the fire communicated to the Wellington House close by and before long it was also in flames. The flames then leapt to the factory of the Ames Holden Co. and it was soon in flames. It then became apparent to the firemen that the blaze was getting beyond control and spreading toward the wholesale section and the full brigade was called out to assist in fighting the flames. The fire is still burning and it is feared by many that another conflagration is in store for them. It is said Hamilton has been asked to send apparatus to assist.

Wherever There's a

# BABY

There will be need for many things which we can supply. Infants' Foods—the very best quality, fresh and pure. Teething, Nursing and Baby Toilet Goods of all kinds

We spend much time and care in selecting things for baby, and we feel sure every mother in the city will enjoy examining our stocks and will in every case find exactly what she desires.

MORROW'S DRUG STORE

MAKING ONE'S TOILET is a far pleasanter proposition if all the appointments are handsome and convenient. You can have them that way if you say the word. But say it to us.

WE ARE PLUMBERS who make a specialty of good work. We will make your bath or toilet room fit for a king or queen. Sanitary, too; perfectly so. And, as usual, our bill will be so small that you'll doubt our being real plumbers. But we are.

We are sole agents for Sutton Germ Proof Fixate

J. A. LOCKERBIE & CO.

## REFRIGERATORS

KEEP THE MILK COOL AND THE BUTTER SWEET.

Doors are air tight with oleumless flues and thorough cold dry circulation. All packed with mineral wool. Prices ranging from \$10.50 to \$37.00.

**RETIRING ALLOWANCES**

The Mail and Empire decants long and learnedly on the degeneracy of the Federal Government in providing pensions for retired ministers of the Crown, but the fervor of the homily does not obscure the fact that the Mail and Empire has no rebuke for Mr. R. L. Borden and party, with whose concurrence this resolution passed the House. If the Government is guilty of error in this regard the Opposition which offered neither amendment nor objection is equally to blame. If the Government is to be accused of seeking to provide stipends for retired supporters it must be admitted that the allowances to Conservative ex-Ministers aggregate three times those to Liberal ex-Ministers. If the Mail and Empire really sought to ensure the granting of retiring allowances these things would have been stated. The purpose of the Mail and Empire being to detract attention from the Opposition by a fusillade upon the Government, it was not found necessary to state or admit anything concerning the Opposition. The allowance is based on the British custom under which a Minister of the Crown, when he retires receives an allowance on making a declaration of his inability to live without such. The objection to this system is the humiliation which it brings upon one who has been honored by his countrymen and Sovereign. In Great Britain however the majority of Parliamentary leaders are men of wealth the allowance is seldom applied for. In Canada, members of Parliament are not as a rule rich, and Cabinet Ministers are not selected from the wealthy members of the House. To make the allowance conditional upon a declaration of poverty would therefore deprive a large number of deserving men of participation, with the unjustifiable alternative of a mortifying confession. If a retired Minister is wealthy enough to not require the allowance that is not evidence that he does not deserve it. If a retired Minister is underserving of the allowance, the fault lies with the electors who supported him.

**THE FRIENDS OF THE MONOPOLY**  
(Regina Leader)

House of Commons,

Ottawa, June 23, 1905.

Dear Sir,—We, the members of British Columbia, are grateful to our friends for their loyal support of the V. V. & E. Bill. We believe that a special effort will be made by the Canadian Pacific Railway Company to defeat clause 3 of the Bill on Tuesday next and earnestly request your attendance at the Committee meeting on that day.

As our opponents are making every effort to pair absentees who are opposed to the Bill with our supporters and at the same time are refusing to give pairs to our friends who will be absent, we would also ask you to refrain from pairing unless it is absolutely necessary for you to be absent.

The future of our province depends largely upon securing the construction of a competitive railway through southern British Columbia, and we earnestly appeal to you to continue your loyal support in order to insure final success.

We might add that the people of the province are intensely interested in this question and every member of the House of Commons and every member of the Senate representing British Columbia is strongly supporting this legislation.

Yours sincerely,

WM. SLOAN,  
DUNCAN ROSS,  
JAS. B. KENNEDY,  
R. E. MACPHERSON,  
RALPH SMITH,  
W. A. GALLIHER,  
GEORGE REILLY.

"At the Railway Committee meeting previous to date of the above letter the V.V. & E. Bill only escaped defeat by the casting vote of Chairman Archie Campbell. Every Conservative member except one (Pringle of Cornwall) voted with and for the C.P.R. and the poll stood 60 to 60. The C.P.R. advocates then talk-

ed the bill out for the day, and both parties prepared to put forth their supreme effort for the succeeding meeting of the Railway Committee. Practically every Conservative member of the committee was present for the vote,—in fact never before was there seen so complete an attendance of Conservative members. McCarthy, Herron and Lake, the three Northwest M. P.'s were regularly present to vote the C. P. R. monopoly and against railway relief for Southern British Columbia."

**A QUESTION FOR THE CONVENTION**

A question which might very well be considered at the Liberal convention in Calgary is that of the exemption of C.P.R. lands from taxation. Probably no more real or far reaching restriction was ever placed upon the people of a Canadian province than the bargain by which the Federal Government twenty years ago made it impossible for the people of Saskatchewan and Alberta to collect one cent for school or local improvement taxes from the Canadian Pacific Railway. This is a matter of provincial rights which is neither remote nor fanciful. It has concerned directly the pockets of the taxpayers of the North West for a decade and will continue to affect them annually until the present generation has passed away. The question might very well be discussed whether means could not be found for immediately relieving the provinces from this disability. Parliament has already interpreted the meaning of the C.P.R. bargain and probably would not or could not reverse that interpretation. It might however be considered whether pressure should be brought to bear upon the Federal Government to remove by purchase if necessary the right of the C.P.R. lands to exemption from taxation.

**EDMONTON MAN TALKS**

Free Press: Mr. A. E. Jackson of Edmonton, is visiting his parents, Mr. and Mrs. Jas. Jackson, Balmoral street and seeing the sights of the exhibition and the city generally. He is interested in the Strathcona Radial railway, for the construction of which to a distance of 80 miles in any direction, a charter has been obtained and preparations are being made. It is proposed to utilize the Sturgeon river, 18 miles north of Edmonton, for water power to generate electricity. By damming the Sturgeon Mr. Jackson says a head of 35 feet, and a sufficient quantity of water can be obtained.

The graders of the C.N.R. were within 40 miles of Edmonton, and the next move of the contractors was expected to bring them right into the city. The heavy work in the Black-foot Hills was all finished, and the extension of the track into Edmonton will, it is believed be an accomplished fact by Oct. 1.

The boring for the natural gas well had reached a depth of 800 feet when Mr. Jackson left. This is the second attempt, the former having had to be abandoned after a depth of 1,100 feet had been reached, owing to a defect which prevented the sinking of the casing. A good strong flow of gas had been struck at 800 feet, but it was thought advisable to sink the well to a greater depth. Besides the indications of gas, four seams of coal were discovered, one of which at a depth of 275 feet was 10 feet thick.

The people generally are much pleased with the announcement that they are to have the new C. P. R. station of the superior class described.

There were a dozen disappointed would-be excursionists on Monday morning at the Strathcona station. They had risen early to take the train for Winnipeg, but there were so many wanting to purchase excursion tickets that the time for starting came before they could be issued. Why the train could not be held long enough for the tickets to be made out was not explained. There was plenty of room for all on the train, it is stated; and there was no requirement of high speed to make connections at other points; on the contrary there were nine hours to be spent in waiting at Calgary.

Another complaint made is that the Edmonton people could not learn until the Friday before whether excursion tickets would be issued, although agents at that time the secretary of the board of trade was asked to wire Winnipeg inquiring whether excursion rates were to be issued, and then the answer came that tickets would be sold from Monday morning, 17th to the 25th. It is believed that if the information had been given ten days before the exhibition more people would have come, as those who out of the way points cannot make their arrangements on such short notice. In this connection the facts are recalled that last year at the time of the Edmonton fair the company would not sell excursion tickets from Innisfail or Red Deer, and would not give a rate on the attractions.

Mr. Jackson confirms the reports of the first appearance of the crops (except all the West. There has been abundance of rain he says, and the country never looked finer.

## STRATHCONA VILLAIN

## CHLOROPFORMS YOUNG GIRL

Police of the Neighboring Town are Searching for the Perpetrator of a Serious Crime

Strathcona, (Herald-Examiner): On Sunday morning last Strathcona had a sensation of an unusual character and of a very serious nature and as a consequence the police are looking for one of the most villainous scoundrels that ever walked the streets of the town. At an early hour about 4 o'clock, Mr. Joseph Tuck, proprietor of the Ontario boarding house, at the corner of Main St. and Anderson Ave., was suddenly awakened by the frenzied screams of a woman and the noise of a hurried descent of the back staircase, evidently by two persons. Mr. Tuck's room is on this ground floor of the house. He hurried out the back door in his night clothes and around to the Anderson Ave. entrance to the back staircase where he found his sister-in-law in a terrible condition of fright and emotion. She told him to go to Ethel's daughter, who had been her roommate. Rushing up the stairs to the room where the two girls had slept, he found it vacant and was more than ever terrified at what might have occurred. Imagine his horror when on turning to look for his daughter he found her in a room close by which had not been occupied lying on the bed unconscious and apparently dead. Beside her face was a handkerchief which was evidently saturated with chloroform. At first he could not arouse her, a doctor was sent for but before he arrived Mr. Tuck was able to awake his daughter from the stupor in which he found her. She felt sick but soon recovered her accustomed condition of health, being totally oblivious of the terrible events of that dreadful hour and her parents are happy in the thought that she suffered no harm.

The villain who molested the peace of that household was apparently very cool, calculating and thoroughly acquainted with the premises. There was only one lodger in the house that night and there were several rooms vacant. The intruder not being able to lock Mr. Tuck's room door as he went about his devilish work had barricaded it with a slab and a rope so that it was at first difficult to open it when Mr. Tuck heard the alarm. The room door of the lodger up stairs was also locked on the outside hence he was unable to respond to the alarm.

The room occupied by Miss McAmmond and her little niece had not been locked and was entered by the intruder while they slept. As Miss McAmmond is a light sleeper and wakes with the least noise of movement about the room it is surmised that the villain in some manner dragged them both and then carried the young girl to the room where her father found her. Miss McAmmond was awakened by a noise in the hallway. She felt for her niece beside her and became alarmed when she discovered she was not there. She rushed into the hallway and through a crack in the doorway of the other room she saw her niece lying prostrate. She threw open the door, revealing a masked man. She screamed with all her might and rushed down the stairs to the street, the brute following at her heels. In a moment he vanished and has not yet been located. The police are on the alert and some clue to his identity may not be discovered. Certainly the limit of the law will be meted out when the long arm of justice reaches him. The victims of this dastardly event are gradually recovering their peace of mind and from the nervous shock they sustained. The disappearance of Mr. Robert McKernan's horse and buggy on Saturday evening and their subsequent discovery in the clover field settlement may have been one of the carefully worked out details of the villain.

—Mashed Advances: Four Indian groups were at work under escort on the Island yesterday. Liberty Island up large as a mountain before use of the grapeshot and caused him to leap for the cover of the thick grass. The police are after him but the dense brush makes it no easy task.

—Medicine Hat Times:— Medicine Hat occupies a unique position among towns. The town possesses nearly all the conveniences of a modern city—waterworks, cheap gas for cooking, lighting and heating, etc., and the tax is only 14 mills on the dollar. What other town can show anything like this?

## THE CROP PROSPECTS

## GOOD YIELD OF FALL WHEAT

No Damage From the Storm on Sunday in the Section North of the City—Improvement of Roads in the Country

The president and secretary of the Board of Trade invited a member of the Bulletin staff to take a drive Thursday through the St. Albert district. A tour through the country at the present time is very pleasant indeed. The roads are a trifle rough after the heavy rains, but they are being smoothed down very rapidly.

Mr. Donnelly had the road machine in operation on the highway near where the government dredge stopped work on the large ditch, and he is making an excellent job of the work. The road he has finished working on is smooth and hard and rounded up so that it will quickly shed any more rain that may fall. A more general use of the grader would make a very material difference in the condition of our roads.

One of the pieces of interest visited was Mr. F. S. Mitchell's fifty-five acres of fall wheat. This is a very practical demonstration of the adaptability of this country to the growth of winter wheat. It is a fine standing crop, well headed out and in some places tinged with the golden color of ripening. The crop is very even and very promising. With no mishaps of any kind it should easily yield about thirty bushels to the acre.

Mr. Mitchell is this year making the experiment of sowing fall wheat on new breaking, and on Wednesday of this week he sowed seven acres of newly broken prairie with winter wheat. It is a fine looking rich sod and the experiment has every prospect of proving a success.

A number of excellent yields of grain were passed on the way and nowhere could any evidence be found of any damage from Sunday's storm. The value of sheep to trim willows was very apparent on several farms where somewhat large flocks of sheep are kept. In every case the smaller willows were completely less and will probably die as a result.

Around St. Albert the crops are looking fine. An excellent field of wheat is growing on the farm of Mr. Pat Kelly. Some samples of it were brought home by the secretary of the board of trade that are pretty hard to beat. Improvements are being rapidly made all over the country and when the great latent wealth of the soil is worked up the resources of this city will be very materially increased.

A public meeting of the ratepayers will be held in the Robertson Hall on Monday evening the 31st July, at 8 p.m. for the purpose of discussing the proposed provincial inaugural celebration to be held in the city on the 1st September, 1905.

A large attendance of burgesses is requested.

By order,  
GEO. J. KINNAIRD,  
Secretary-Treasurer,  
City of Edmonton.

## THE NEWS OF THE DAY

## IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

## WINNIPEG GRAIN FIGHT

Winnipeg, July 29.—The fight between the opposition grain interests for the control of July options will be decided in a few days. In the meantime exciting times are expected.

## BALL GAMES

Winnipeg, July 29.—Winnipeg 11, Duluth 2, morning; Duluth 9, Winnipeg 2, evening; Cranston 2, Superior 1, Grand Forks 5, Fargo 2, 10 innings.

## FAVORED RELIGIOUS INSTRUCTION

Winnipeg, July 29.—On the occasion of the laying of the corner stone of John King School, Principal Patrick of Manitoba College spoke strongly in favor of compulsory education and religious instruction in schools.

## VICTORIAN DEFEATED

Montreal, July 29.—Mails by the turbine Victorians were delivered yesterday at the same time as those by the White Star line which left 24 hours after the Victorians left Mobile.

## HONORED CANADIAN RETURNS

Quebec, July 29.—Hon. J. Edward Blake has arrived here by the Dominion liner Canada.

## THE YELLOW JACK

New Orleans, July 29.—The health authorities have quarantined the State of Louisiana against this city. The increased number of deaths and new cases today are mostly in the Italian sections.

## AN IMMENSE FUNERAL

Brockville, July 29.—An immense funeral was accorded Major Walsh as befitting to one of Canada's honored men. The body was borne on a gun firing party 200 strong from the 41st regiment fired the last salute to the late major.

## BASE BALL

The Capitals defeated the Fort Saskatchewan ball team last evening by a score of 7 to 1 in an eight-innings game. A dispute as to the financial conditions upon which the game should be played delayed it somewhat in the start and darkness came on before the ninth innings could be played. The game was not very fast and errors were frequent. The Fort team played like they kicked before the game began. Vining was not in his usual form but he struck ten men out to McLachlan's five. Had Ernest been up to his usual form the Fort would not have him at all.

The only run scored by the Fort was in the eighth innings and was brought in by Rogers who had gone on as substitute for Atkinson, who left the field in the seventh. To get the run Rogers got first on a dead ball.

In the first innings Sward went to bat for the Fort; he went out at first as also did Walker, Atkinson was struck out and the Capitals came up. Caster got to first but was caught at first and Ingles fanned and Deaton made bases but Till got caught at first and Ingles fanned out.

In the second D. Simons got out at first, Fowler reached, the base but Sutter and S. Simons fanned out and the Fort retired. For the Capitals Maloney got out at first, Hunt got a base on balls, he stole second and on Milne's good hit he panned home, scoring the first run. Vining got to first, Caster was caught on a fly and Milne was put out going to third retiring the side.

Stokes went to bat for the visitors in the third and died on first. McLachlan got a base on balls, Sward fanned out, Walker made a good hit but Atkins died on first and Bishopric came up for the Capitals and was struck out. Deaton got to first but Till fanned out and Ingles was caught at first.

In the fourth D. Simons went to bat for the Fort. He hit and got to first, Fowler got a base on balls and Sutter got to first. The bases were full and no one out so it looked like a score. S. Simons went to bat and made first but D. Simons was put out coming home Stokes was struck out and McLachlan caught on a fly by Vining, thus shutting out the side. Maloney came to bat for the Capitals, he got to first but died on his way to third. Hunt repeated the performance, Milne and Vining made hits but Caster was caught on a foul and the side retired.

In the fifth the Fort only lasted a few minutes. Sward fanned out Walker died on first and Atkins struck the air three times. The home team came to bat. Bishopric and Deaton made hits, Till fanned out and Ingles was caught on a foul. With two out Maloney made a hit that let Bishopric and Deaton home, scoring two more runs. Hunt got a hit but Milne died at first.

In the sixth D. Simons came up for the visitors but was caught at first. Fowler made a hit but Sutter fanned out. Vining came forward for the Capitals and reached first. Caster was caught on a fly. Bishopric fanned out, Deaton reached first and Till made a hit that let Vining home. Ingles also hit out and let Deaton score add-

ing two more to the Capitals' total. Maloney was caught on a fly and the side retired.

The seventh was short for the visitors. Stokes and McLachlan went out at first Sward got a base on a dead ball but Walker was caught at first and the side went to the field. It was also brief for the home team. Hunt went out at first. Milne got a hit, but Vining and Caster were caught out and the innings ended a blank.

In the eighth it was getting rather dark. Rogers, playing for Atkinson, got a base on a dead ball. D. Simons got first. Fowler made a hit and owing to some wild throws Rogers got home, scoring the visitors only run. Sutter and S. Simons both fanned out and Stokes died on first, the pitcher running ahead of him and catching the ball on the base, it being fielded by first man Sam. Bishopric came to bat for the Capitals and was caught on a foul. Deaton made a two-bagger and Till's good hit let Deaton home. Ingles fanned out. Maloney got first, Hunt got a base on a dead ball and Milne's hit let Till home making the total of 7 runs for the home team. Vining was caught on a fly retiring the side and as it was getting quite dark the game was called.

## ANNOUNCEMENT.

Mrs. Tourner wishes to announce that having just arrived from Paris she is prepared to do dressmaking in a satisfactory manner. Next door to Red Cross Drug Store.

Monkey Brand Soap cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

The shrewd speculator always has an eye open for a good thing in real estate. Thus it is that Norwood is active. Every one with an eye to business knows it is a dead sure thing. Think of the Rule of Three: Grand Trunk Pacific, C.N.R., and C.P.R. all about to enter our city and add one more to the rule, "The Capital," and six of the principal streets wedge into Norwood.

Norwood will be the home of the skilled mechanic: it lies just five minutes walk from the C.N.R., facing First Street, all inside the city limits, where the shops, elevators, etc., will be located. These places will give employment to hundreds of skilled mechanics who have to live near their work. They will buy their homes in Norwood. 6 ft. sidewalks are already built to Norwood.

Lots are 33 x 150 First Street, and Sturgeon Road is 116 ft. wide. All other avenues and streets 66 ft. Lanes are 16 ft. wide, and every lot has a lane. Every purchaser gets an agreement direct from the original owner. Terms: 10 per cent down, five dollars per month. Lots from \$60 to \$150 without interest or taxes. This property is sure to advance quickly.

## HOIST TO GO AHEAD

## PUBLIC MEETING TO BE HELD

To Discuss \$8,000 Grant to Celebration Committee—Merry-Go-Round Fee Raised to \$25 per Day—Cows to Graze on Flats

The city council met last evening. Present, the Mayor, and Aldermen May, McLeod, Clark, Griesbach, Picard and Bellamy. The minutes were read and confirmed.

A communication was read from Secretary Fisher of the Inaugural Celebration committee, informing the council that the said committee requested a grant of \$8,000 for celebration purposes. A communication was read from the Bellamy Co. protesting against the condition of McDougall street and requesting that it be remedied at once.

The question of an \$8,000 grant to the inaugural celebration committee was taken up, and it was unanimously decided to call a public meeting to get an expression of opinion from the public and it was decided to hold the meeting on Monday evening.

It was also decided to have the street complained about by the Bellamy Company repaired at once. A report re the hoist agreement was presented by the commissioners, referring the matter to the whole council as a matter outside of the commissioners' jurisdiction. At the same time they expressed the opinion that to enter into such an agreement would entail considerable danger of liability on the part of the city.

The city solicitor reported that if the city closed the street and leased it to the hoist company, then the city would only be landlords and would not be liable for accidents on the hoist, unless the hoist was to their knowledge in a dangerous condition and they allowed it to continue running. As to the charge of a nuisance being preferred against the hoist, the validity of such charges could not be determined until the hoist was running. The opinion was expressed that the city was not liable to the hoist company for not completing the agreement.

Mr. Kennedy, for the hoist company, addressed the council. He pointed out that in the closing of the street, Mrs. Cadenhead or other persons objecting, would have to be satisfied before the lease could be entered into.

Aldermen Bellamy and May expressed the opinion that the hoist would be a good thing for the city. Alderman May stated that gravel and brick must always be hauled up that hill and if the hoist worked it would be a great saving.

The city solicitor expressed the opinion that a small bond should be given or a mortgage given back on the lease to cover the machinery.

Mr. Kennedy wished the agreement changed so that if the city took over the hoist at the end of ten years it should be taken over as a going concern. Alderman Clark thought that since no bonus was given this was a fair concession. The council agreed to this request as they also agreed to abandon the demand for a \$10,000 bond and take a mortgage as security, for a reasonable amount.

The council also agreed to abandon the right to control the charges of the hoist, and the prohibitive clause regarding the carrying of passengers was dropped. These were dropped as no bonus was being granted and the people had the option to drive or walk up if the charges were too high.

It was moved by Aldermen Clark and May that the council advertise their intention to close that part of First street between Victoria avenue and Collingwood avenue for the purpose of having twenty feet in the centre of the street for the operation of a hoist. The motion carried, and the solicitor was requested to prepare a new draft agreement.

A communication was read from W. H. Jordan and others asking that they be given the privilege of herding their cows on the Ross and Hudson's Bay flats. They explained that they would have the cows carefully watched. Aldermen May and Clark expressed themselves as favorable to granting the request, as long as the ratepayers in the vicinity do not object. The Mayor agreed with this. The council agreed that instructions should be given the pound-keeper not to molest cows owned by people on these flats if in charge of a herder and kept out of mischief. Mr. Lyon, of Latta & Lyons, addressed the council. He said that an

occasional rig was left in front of his shop by a customer and yesterday he was informed that he would be fined if rigs were left there. He said that when a half dozen horses came in to get shod a man would require to be a millionaire to own property enough to take care of the rigs. The matter was discussed informally and it was thought that a reasonable amount of discretion might be used in enforcing the bylaw.

The commissioners recommended the construction of a sidewalk on the south side of May street from First street to Queen's avenue, at a cost of \$435, and the grading of Rice street from Fraser avenue to First street, at a cost of \$200, both to be done as local improvements unless objected to after advertisement. On motion the report was adopted.

The commissioners presented the following report regarding day power for the month of June:

Extra cost for fuel ..... \$127.66  
Oils and waste ..... 23.40  
Extra labor ..... 40.00

Total Extra cost ..... \$191.06

Receipts for day power ..... 61.49

Leaving a loss for June of ..... \$129.57

They reported that there would be a small increase in receipts for July and that the prospects were that when the power was operated all day that the time was not far distant when day power would show no loss.

The list of power users and the amounts paid by them for June was as follows:

Edmonton Printing and Pub. Co. .... \$19.44  
Windsor Hotel ..... 6.92  
Jasper House ..... 2.00  
P. A. Stephen (office) ..... 1.00  
Wm. Robson ..... 2.08  
C. H. Gibson (office) ..... 1.00  
Imperial Hotel ..... 5.28  
Victoria Hotel ..... 2.00  
North-West Electric Co. .... 2.84  
Approximate light on dark days ..... 18.93

Total ..... \$61.49

On motion of Aldermen May and Picard the report was received and filed. General satisfaction was expressed at the report.

A petition was presented for the opening of Gallagher street from First street to the lane west of Fraser avenue and the grading of Gallagher street from First st. to Government ave. The petition was granted. A petition was also granted for the laying of a cement walk ten feet wide on First street along the west side of the Empire block, on the franchise tax system. A petition was granted for a six foot plank sidewalk on the north side of Griesbach street from Kinistino to Boundary avenue.

The commissioners reported that it would cost \$800 to put the power house in condition to obtain the reduced insurance rate. The report was adopted and the work ordered to be done.

A petition was granted for a six foot plank walk on the east side of sixth street from Athabasca to MacKenzie avenues.

On motion of Aldermen May and Picard the bylaw regulating merry-go-rounds was amended so that on and after August 1 the charge should be \$25 per day instead of \$10 as at present. The bylaw to amend the former bylaw was duly given its first, second and third readings and was passed. The bylaw giving building permits for twenty feet of street instead of one-half of the street was also given its different readings and finally passed.

On motion of Clark and Bellamy the following accounts were ordered to be paid when properly certified to:

Labor pay sheet ..... \$1237.73  
Edmonton Cartage Co. .... 5.17  
Eclipse Stable, livery ..... 10.00  
North West Electric Co., supplies ..... 11.35  
The Peckard Electric Co. .... 1337.98  
J. C. Johnston, breakfast for night gang ..... 4.50  
R. E. Cronn, damages from water main ..... 50.00  
Edmonton Iron Works, blacksmith work ..... 44.50  
Cushing Bros. .... 41.17  
Edmonton Printing Co. .... 12.00  
The Herald Co. Ltd. .... 434.82  
Ross Bros., hardware ..... 434.82  
W. J. Carter, on account, contract ..... \$1465.92  
R. H. W. Leman, on account, contract ..... 1652.00  
W. R. West, repairing chimney ..... 30.10  
Pay sheet, salaries for July ..... 2478.45  
Total ..... \$5,818.95

JAPANESE CAPTURE SAGHALIEN  
Tokio, July 29.—The Russian forces on Saghalien Island are caught in a trap and will surrender in a few days. This means that the Japanese are in full possession of the Island.

## The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it is in good condition. It will move 3,500 miles in a year and requires less than one tenth of a drop of oil to make it run. But, it needs that little badly. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

## Revillon Brothers

The very best tobacco that ever came out of Cuba can be so spoiled in the factory that it will taste like a rank weed. It is a most sensitive leaf, and will absorb and become flavored with anything that it comes in contact with.

For this reason I give my personal attention to every shipment of tobacco for my

## Pharaoh Cigar.

As soon as it arrives at my factory I place it in humidors built for the purpose. The tobacco is kept here for from two to three years at a temperature and humidity which as nearly as possible correspond with the climatic conditions of the Island of Cuba.

This treatment thoroughly matures the leaf, removes the injurious "gum," and develops the rich flavor of the tobacco.

This is one reason why my Pharaoh cigar has so delightful an aroma, and leaves a pleasant taste in the mouth.

I carefully watch every step taken in the production of my Pharaoh cigar so I secure a steady, even combustion and a cool, sweet smoke.

None genuine unless branded "Pha-ro."

## BUSINESS CONDITIONS

## AS SEEN BY A VISITOR

Edmonton, Its Conditions and Prospects Reviewed—Increasing Permits Tell of Popular Confidence

(Special Correspondence to Winnipeg Free Press.)

Edmonton, July 22.—It is sometimes the case that the fever of speculation in boom times in a city may push prices to an artificial point and make a few disappointments and losses. Real estate in a city that is growing rapidly usually offers greater speculative margins than country property does, but it requires rather shrewder judgment in the operator. In city speculation the infection of investment sets more quickly and more acutely than in land speculation, and the herds of uninitiated imitators is proportionately so large that considerable profit buying is done or at least considerable buying is undertaken on small capital with larger future obligations than can reasonably be met. When the height of the buying is reached and turn over slackens the reaction is hastened by the anxiety of the weak fellows to get out. The west has not seen any bad cases of this. That is, values have never been unreasonably high but buyers have been foolish and guilty of poor business in taking on obligations that they cannot meet. In the liveliest of our cities prices have never been higher than were justified by subsequent progress.

It is almost impossible to have a boom in the west, taking the term in the sense of an extravagant or artificial inflation of prices. General and country development is so strong and so certain that this element of stability to urban investment in all ways of the strong increase. Though every busy time of investment in city property will have its inevitable crop of weak-headed investors, it is still the case that more is lost by conservatism and hesitation than by coming in. With immigration coming our way, as it is at present, the man with money can fall into almost any old investment and win in the end.

The city of Edmonton had a nice run of prosperity from 1901 to 1904. Population increased from 2,600 to 8,000 in that interval. Real estate that was not in demand at all at the first date, trebled in value for both residence and business uses and much in out-skirts that never moved before, took prices that were a surprise to old timers. This activity engaged a large proportion of loose local capital, and when business properties reached three hundred dollars a foot and good residences to a thousand each it required such a heavy ante to come in that when most of the little bank accounts from heavy buying looked like nine spots, the little fellows at once concluded that Edmonton real estate was overdone. It was even the opinion of some eastern papers with long range experts on western conditions that the town was, in 1904, a commonplace expression, "on the run," and in fact that real estate would hardly be given away.

There was simply one time of the year when operations were not as active as they were at another. There was never a depression in city values of prices. Desirable city business properties that reached the three hundred dollar mark in 1904 reached the four hundred dollar mark in 1905. Residence property increased a straight twenty-five per cent in value. It was to be expected that would increase proportionately faster than the business properties, as the fancy margins belong right to the middle, but owing to the very long main street in the town and the absence of concentration about a close or specified centre the per centage of increase in value for business property has not been as distinctly above the percentage of increase in residence values as is customarily the case. Nevertheless the increase in both within the past year has been considerable, decided and satisfactory. The fixing of the location of the station for the Canadian Northern and Grand Trunk Pacific is going to cause a very strong rise in values for business sites concentrating towards this point.

Outside residence property will move very rapidly within the next two years and it is good buying just now. So far the buying of all sorts of property has been in accord with local interests; for the future it will be dictated by the necessity of taking account of a very large and very rapidly expanding constituency. The coming to Edmonton of three great

continental routes will throw on this centre a great deal of the business of distribution back of these lines for a third of their length between Winnipeg and Edmonton, and when the Grand Trunk Pacific penetrates the Peace River valley and touches the western seaboard, an immense western traffic in distribution and in the collection of products will begin at this centre. In addition to this Edmonton will develop a fabric of manufacturing industry characteristic of the needs of the district and of the raw materials available. Provision will have to be made for the taking in of a large population of tradesmen, mechanics and workmen of all kinds and the movement in real estate for a secondary class of residences has already begun.

Building permits during 1904 totalled a value of over three quarters of a million dollars, and comprised three hundred buildings. During the first half of 1905 permits have gone past half of this amount and it is more than probable that the total for this year will exceed that of last year. It is quite evident that the city have never suffered from any loss of a healthy local confidence and it is to be expected that with its wonderful development of transportation facilities this great Canadian centre will become of larger general interest to Canadian investors.

## VEGREVILLE NEWS

Vegreville, July 24.—Our vacation closed last week and school opened again last Monday.

Rev. Mr. Gold and family moved on their housewifery last Thursday. They expect to reside there six months near Sick Man's Lake.

There was a grand picnic over on the new town site last Tuesday. We had eloquent speeches from Mr. Manly, Mr. Fair and Mr. Hay, also games, races, jumping and many other sports.

We have been having fine growing weather lately and the crops in most parts are looking fine.

The work on the C.N.R. is progressing well.

It is claimed the rails will be laid to this place in two months.

There has been considerable sickness amongst the little children lately but they all seem to be on the mend now.

Cole & Abbott have moved into their new storehouse.

Mr. Paulin has been having some painting done on his new storehouse which improves its looks.

## CONJURING CREEK

Conjuring Creek, July 24.—Weather very unsettled, but hope it will soon settle for haying.

At the Liberal Association meeting last evening, Mr. J. A. Sangster was chosen as delegate to the Calgary convention, August 3.

We were delighted to have Rev. F. Lewis, of Edmonton, of the Free Methodist church, with us for a week, returning last Monday. Services were held by him at Humble school and Michigan centre.

Conjuring Creek's annual picnic will be held on Tuesday, August 1. A large program is being prepared by the committee.

Our new Methodist minister, Rev. Harden preached here on Sunday and will preach every alternate Sunday in the future at 3 p.m.

Mr. Washburn of Nebraska has purchased Mr. Rowett's farm.

Crops are looking grand and promise a big yield.

Mr. Montson has returned home for a few days from Edmonton.

Conjuring Creek was well represented at Leduc on Wednesday last, and brought home a good many prizes.

## NOTICE

Board of Railway Commissioners for Canada.

The Board of Railway Commissioners for Canada will hold sitting as follows:—

At Fort William, Ont., on the 7th day of September, 1905.

At Winnipeg, Man., on the 11th day of September, 1905.

At New Westminster, B.C., on the 19th day of September, 1905.

Notice of the specific places and hours of sitting at these points will be given later.

The Board will not sit at other points in Western Canada, unless for the purpose of hearing complaints, which shall have been formally made to it in writing, and duly served upon

railway companies, or other parties interested, in sufficient time to have become ripe for hearing under the General Rules of the Board.

Attention is called to the following provisions of the rules:—

"4. Every proceeding before the Board under this Act shall be commenced by an application made to it, which shall be in writing and signed by the applicant or his solicitor; or in the case of a corporate body or company being the applicants shall be signed by their manager, secretary or solicitor. It shall contain a clear and concise statement of the facts, the grounds of application, the section of the Act under which the same is made, and the nature of the order applied for, or the relief or remedy to which the applicant claims to be entitled. It shall be divided into paragraphs, each of which, as far as possible, shall be confined to a distinct portion of the subject, and every paragraph shall be numbered consecutively. It shall be endorsed with the name and address of the applicant, or if there be a solicitor acting for him in the matter, with the name and address of such solicitor.

"The application, so written and signed as aforesaid, shall be left with or mailed to the Secretary of the Board, together with a copy of any document, or copies of any maps, plans, profiles, and books, the reference as required under the provisions of the Act (a) referred to therein, or which may be useful in explaining or supporting the same."

The complainant must have the application served on the opposite party, who is allowed ten days from service of the application to answer it, and the applicant is allowed four days from the receipt of the answer to reply to it. Ten days notice of hearing must be given, unless for special reasons the Board shall order otherwise.

Dated at Ottawa this 22nd day of June, 1905.

A. D. CARTWRIGHT, Secretary, B.R.C.

dy Wed & Sat July 29

—Edmonton celebration September 1st.

—Red Deer agricultural fair will be held August 30th and 31st.

—Gandy & Co. are sending a gang of men down to the C. N. R. construction camps.

—The Hotel Company has decided to change its name to the Inclined Railway Company.

—Rev. A. S. Tuttle preaches morning and evening in Grace Methodist church tomorrow.

—Probs: Continued fair weather, with not much change in temperature today and Sunday.

—Communion services will be held in the Presbyterian church tomorrow morning. Rev. Dr. McQueen preaches.

—At the Baptist church on Sunday evening, Pastor McDonald will preach especially to young men from the "Life of Gideon".

—Bredin and Cornwall's furs have reached Revillon Bros' post at Athabasca Landing and will be in the city about a week. There are 131 packs in the lot.

—Colin Fraser's furs reached the city yesterday from Chippewyan. Mr. Fraser is expected to arrive today. The furs are in Revillon Bros' warehouse.

—Louis Moran's well known success will be seen for the first time in Edmonton at the Rink Theatre to-night. There will be specialties between the acts as usual.

—Mr. Neff, the expert auditor, arrived in the city last night, and will begin work at once auditing the city's accounts. He was around the city offices this morning at 7:30 looking for a chance to start work.

—The board of trade have decided to not distribute any more advertising envelopes until the question of the celebration is definitely settled and request those having received them to not use them until that time.

—Karl Saskatchewan Reporter: Mrs. W. E. Langworthy, with her mother, Mrs. Jas. Graham, of Andover, leaves tomorrow morning for Calgary where they will meet Mrs. Ritchie and then proceed to the coast on a holiday trip.

—Red Deer News: Negotiations are today under way with Mr. Nathan, the representative of Messrs. Hall, McNish & Co. of Winnipeg, whereby the company is to erect forthwith a \$40,000 mill and elevator. The mill will be of 160 barrel capacity.

—At a meeting of the Liberal Association of Wetaskiwin, held on Tuesday evening, the following were elected delegates to attend the convention to be held in Calgary on Thursday, August 3: A. R. Dickson, Geo. B. Howwood, W. J. McNamara and R. C. Ward.

A meeting of Liberals was held at Poplar Lake last night. There was a splendid attendance, the speech being arranged. The meeting was addressed by Messrs. C. W. Cross and J. E. Boyle. Two delegates, Messrs. Carson Letimer and E. G. Hutchings, were elected to attend the Calgary convention. Poplar Lake Liberals will give a good account of themselves when the provincial elections come off.

—A public meeting is to be held on Monday evening in Robertson's Hall to discuss the granting of a loan out of the city treasury to be expended on the inaugural celebration on September 1. This is a very important meeting and should be attended by a large number of ratepayers. The aldermen, personally, are favorable to the grant, but desire the opinions of the taxpayers before voting the grant.

—Wetaskiwin Times: What came nearly being a fatal accident occurred near the Wetaskiwin mill on Friday morning last just as the train from the north was coming in at a lively rate. A farmer crossed the track with his team on a gallop, and just as he got over the engine barely grazed the back of the wagon. A fraction of a second sooner and the vehicle would have been hoisted in the air.

—There are some signs of activity in connection with the street railway. Pretty reliable information is to hand that the cars are on the way, three of them having been seen on a freight train at Moose Jaw a few days ago. It is also stated that the balance of the money due on the Grand Estate was paid yesterday. The Star says that Col. R. C. Inglis left Montreal a few days ago to push on the work of the street railway here.
